

ADVENTURES IN GARDENING

A seminar for all gardeners

SATURDAY, OCTOBER 13, 2012 8:30 – 3:00

Hendricks Co. Fairgrounds Auditorium, Danville, IN

1900 E. Main (Old US 36) across from post office

Sponsored by Hendricks County Master Gardeners

FOUR PRESENTATIONS

Key Note Speaker: **DR. DOUG TALLAMY**

Author and Professor of Entomology and Wildlife Ecology at the University of Delaware. He is called "THE GURU" of habitat gardening. His *two* presentations will tell us how to use native plants and the impact that your gardening has on wildlife and the environment. Have you ever considered the impact on wildlife as you garden? You won't want to miss this one, 1,200 people attended his program at Clowes Hall last year!

ELLEN JACQUART

Director of Stewardship for the Indiana chapter of The Nature Conservancy will identify the invasive species on your property and tell you how to get rid of them! Her work involves invasive species control and prescribed fire. Fighting back, fall is the time to wage war!

HENDRICKS CO. (INDIANA) POLLINATOR PROJECT

Pollinators around the world are in jeopardy, nearly ¾ of the world's flowering plant and at least 90 food crops eaten in North America depend on pollinators. A world without pollinators would be without many important food, fiber and medicinal plants. Learn what you can do to help preserve our ecosystems and way of life.

Early bird fee if mailed before Sept. 22 is \$35. If mailed Sept 23 – Oct. 5, fee is \$45. OCTOBER 5 IS FINAL DEADLINE. Checks payable to: Hendricks Co. Master Gardeners Inc. Continental breakfast, lunch and all materials included. If you have dietary or other special needs contact the Extension Office at 317-745-9260. See map and more information at www.hendricksgardeners.com.
